As a vertically integrated manufacturer, we manage every stage of production under one roof, including weaving, dyeing, stitching, finishing, quality control, and packaging. This allows us to deliver consistent quality, competitive factory-direct pricing, and dependable lead times.

We eliminate unnecessary intermediaries and create a more efficient supply chain. This approach enables our customers to benefit from direct factory pricing, direct communication, consistent quality, and a reliable long-term supply.

Acme provides a complete range of bedding, bath, pool, spa, and hospitality accessories, enabling customers to source all linen requirements from a single vendor. Our four US distribution centers in Tennessee, Nevada, Texas and Florida support faster replenishment, smaller order quantities, and improved supply chain flexibility.
